Subject: EPA PFAS network notes

1. PFAS Data Explorer, aka the public PFAS GIS tool
 - a. Beta version is available for review – link shared with program/regional workgroup
 - b. Still resolving some issues – Ex. 5 Deliberative Process (DP)
 - c. Working on developing communication plan, will share with this group when we have a solid draft
 - d. Will be sending an email and spreadsheet soon to regional contacts giving you a chance to update any 'DW points of interest' that you would like to include in the tool – these would be special case instances of EPA activity, beyond UCMR3 – e.g. PFAS
2. STAR grant just opened last Friday – PFAS in rural communities and Ag operations – 4.8 MM, ~3 awards, focus on (1) occurrence/fate/transport in water sources used by rural communities and ag operations, and (2) novel or improved PFAS treatment methods suitable for small DW/WW systems, including biosolids. R6 RA Ken McQueen made the announcement at
